These have to be borne by Govt. and not by the officer both according to the general orders. G.O. Flag R para 4(iii) and also the particular order issued in the case of Mr. Noronha Flag G. (Vide para 4)

3. Another point raised for consideration is whether Mr. Noronha may draw the amounts on these charges on his own bills. The Senior Surgeon has suggested in para 2 of his letter referred to above that the bills may be countersigned by the head of the Institution.

4. The only other point is about the source for the expenditure. The cost of departmental deputations are debitable to the budgets of the departments concerned. (Vide para 6 of G.O. R.). The Senior Surgeon has therefore to point out a source.

that the P.S. Extended the period on his own responsibility in anticipation of sanction which he feels sure. As the case stands this has to be done & the additional Expenditure met as indicated by the P.S.

It is on this account that the ineligible notices above did not catch the Eye of the Govt. Whose Speciality it generally is!

This case confirms my view that always leave to complications in Giving Extensions of period & additional Expenditure, if the details of the cases to be taken are not definitely settled beforehand by the Departmental Head or at least within three months of the candidate's arrival in the Foreign Country to which he is deputed per Govt.

I think it is necessary to impress upon all concerned the importance of this item.

Sir;

With reference to your letter No.G.8824-Med.77-20-3 dated 30-10-1920, I have the honour to state that it is not possible to predict any savings under any head, as the Medical Budget has been curtailed to a minimum.

2. Moreover, the exact cost on account of the deputation of Mr. Noronha can only be known when information is received from the officer as to the tuition fees, premia or travelling expenses that may actually have to be paid or incurred by him in connection with his training. At present, only the cost of his outward journey and the deputation allowance are known.

3. Under the circumstances, it seems best to order that the cost may be met from the General Savings in the budget grant of the Department towards the close of the official year when it will be possible to get accurate information regarding the charges incurred in connection with the deputation.

Sir,

With reference to your letter No. G11708-9 Med-77-20-7, dated 15-12-1920.
I have the honor to intimate that Messrs. Coutts & Co., London, have in this Office letter No. 225- dated 5-1-1921, been instructed to pay to the party named below the sum of £ 12-6-1 + Guineas 30/- on application on account of Medical Course and balance of Passage money due to him.

O. Shr. C. Jan 1921

With reference to G.O.No.G.11708-9-Med.77-20-7 dated 15th December 1920, I have the honour to forward herewith a copy of letter, dated 23rd December 1920 received from Assistant Surgeon Mr. F.Noronha, on deputation to England and to state that as matters stand at present, Mr. Noronha has to ascertain, and possibly even incur, expenditure on each item connected with his training, and communicate the same to this office. This office will then have to obtain sanction of Government and communicate the same to the Assistant Surgeon, at the same time requesting the Comptroller to issue payment order to Messrs.Coutts & Company. This procedure necessarily causes great inconvenience to the Assistant Surgeon, who will have to actually incur expenditure and wait for about three months to write and obtain sanction of Government and receive payment from the Bankers.

2. I therefore request that bills on account of tuition and examination fees and travelling expenses may kindly be caused to be paid by Messrs. Coutts & Company, on presentation, provided

provided that each such bill is supported by the countersignature of the Dean or Superintendent of the College or institution under whose directions such expenditure is incurred and a certificate signed by the Assistant Surgeon that such expenditure was absolutely necessary for the purpose of the training for which he was deputed.

3. I also agree that it will not be possible for Mr.Noronha to subsist in England on anything less than £200/- and recommend that the advance of £25/- received by him for equipment and kit may be allowed to be repaid after his return to India, instead of being deducted from the deputation allowance of £200/- which may be paid to him in full in England.

4. Very early orders are solicited.

I have the honour to be,

Sir,

Your most obedient servant,

Enclosed 77-20
S/11

Letter of the 23rd Dec.1920, from Mr.F.Noronha, Assistant Surgeon on Deputation, Shakespeare Hut, Keppel St., London, W.C.. to the Senior Surgeon in Mysore.

I have the honour to inform you that Messrs.Coutts & Co., have paid me £43-15-0 only on the 10th inst.and they say that they have no instructions to make other payments.

I have to pay the fees for attendance at lectures and clinical demonstrations from time to time. I cannot intimate to you in advance the actual amount I require for tuition and clinical instruction, as there are no defined courses of study for mental diseases, as they have for general medicine. Lectures and demonstration in Psychological medicine are given according to the number of candidates applying for them and according to the convenience of lecturers and after short notice. I have for the present arranged to attend lectures at the Mandsley Hospital and clinical instruction at the Bethlem Ruzal Hospital for three months, i.e., up to the end of March next. My further studies will be decided after consultation with the lecturers.

To enable me to carry on my studies without interruption for want of funds, I request you to be good enough to arrange with Coutts & Co., to pay me the required tuition and examination fees and travelling expenses from time to time on my producing a certificate or voucher from the authorities concerned.

I also request that the £25/- which was paid to me for outfit before leaving India, be recovered from me after my return to India and that the full amount of £200/- be allowed to me here, as I find that even with the strictest economy £200/- a year is barely sufficient for my expenses.

My bill for £12-6-1 for extra trevelling expenses, which has already been submitted to you, may kindly be arranged to be paid to me here early.

Please see the enclosed cable received from Mr. F.Noronha, Assistant Surgeon, now on deputation in England. The Government was addressed in the matter in this office letter No.114-9 of the 7th December 1920. May I request you to have immediate instructions issued to the Comptroller to arrange by cable for the payment of the money therein mentioned to the Assistant Surgeon through Messrs.Coutts & Co.,

2. In this connection, I may state that it will be always a source of great worry to the Assistant Surgeon to have to incur expenditure before hand and wait for three months or more for its recoupment for, I fancy that is the shortest time by which he could expect to get the Government sanction on his reference made to me about expenditure incurred by him - and all the while he may have to undergo great difficulties in a strange place, without sufficient funds.

PRO 26

3. To avoid these difficulties, I have officially addressed Government to sanction an arrangement by which bill presented by Mr. Noronha, with his own certificate, might be made payable by Messrs. Coutts & Co., and I request you will kindly obtain the orders of Government in the matter, as early as possible.

Sir,

Adverting to G.O.No.G.5516-18-Med.101-19-2, of the 8th September 1920, sanctioning the deputation of Mr.F.Noronha to England for one year for higher study of Mental Diseases, I have the honour to report that Mr. Noronha was relieved of his duties on the 15th October 1920 and he reached London on the 15th November 1920 and found that the winter session of the course for the Degree in Psychological medicine had commenced on the 15th October 1920 and that he could only join the session commencing in the following January. He however commenced attending the Mandsley Hospital soon after his arrival and joined the regular session in January 1921.

2. In his letter dated the 14th July 1921, he reported that he had finished his hospital course and lectures in Psychology and allied subjects by the end of June at the Mandsley Hospital and Laboratory, that he would take clinical instructions for two months at the National Hospital, Queen's square and at the Hanwell Mental Hospital (Middlesex), visit certain continental hospitals in September and embark for India early in October.

3. Attending lectures and hospital courses may mean anything or nothing. I therefore asked him if he had not obtained the newly instituted University Diploma in Psychological Medicine as had been instructed by me, as the acquisition of such a

a qualification after passing a regular examination was the only reliable test that proper use had been made of the deputation.

4. In his reply dated 25th August 1921 *(copy enclosed) Mr. Noronha explains how it was impossible for him to sit for the examination in June 1921 and requests that the period of his deputation may be extended to enable him to appear for the examination to be held in the middle of December 1921.

5. As it is essential that he should obtain the University diploma before returning to India, I request the favour of -- very early sanction to an extension of the period of his deputation by 3 months, in anticipation of which, I have arranged to send a cable to him to stay on for the December Examination.

I have the honour to be,

Sir,

Your most obedient servant,

SSR/BVA. Offg. Senior Surgeon.

Copy of Letter:-

I have the honour to inform you that I have not taken the Diploma in Mental diseases. One of the conditions is that the candidate for the examination should have held prior to examination, 6 months' resident appointment in a Mental Hospital or 12 months' clinical instruction. I started the clinical instruction in January last and will have to continue it till December next before I can sit for the examination. Obviously I could not appear for the last examination in June. The next one will be held on 16th December. As you desire, I shall appear for it. Please sanction the extension of my deputation period.

In reply to your letter No.L 3173-Medl. 77-20-24 dated 30th November 1921, I have the honour to invite a reference to my letter No.C.C.235-5 dated 30th September 1921, resubmitting the question of entertainment of Nurses in District Head-Quarter Hospitals and to state that after deducting the provision for twelve passed Medical Pupils towards the above new expenditure, the provision for eighteen passed Medical Pupils (Rs.6,480)will still be left. But as no passed Medical Pupils are likely to be entertained this year the whole cost of deputation of Mr. Noronha may be met from this amount viz., Rs.6,480.

I may also add that as no orders have yet been passed on my letter of 30th September 1921 and no Nurses have actually been entertained till now, the pay of the twelve passed Medical Pupils (proposed to be utilised for Nurses) for five months, amounting to Rs.1,800 is also unspent and available for the present purpose.
